Pay securely via DebiaPay supported banks.

☐ 为订单添加备注

继续购买即表示，您同意我们的 [条款和条件](#) 和 [隐私政策](#)

[← 返回购物车](#)

下单

支付成功之后，用户可在订单详情页面申请退款

After the payment is successful, users can apply for a refund on the order details page.

Apply For Refund

Your Order Email *

evan.yi@debia.com

Refund Amount (Max: 0.01 SGD)*

Enter refund amount (e.g. 100.00)

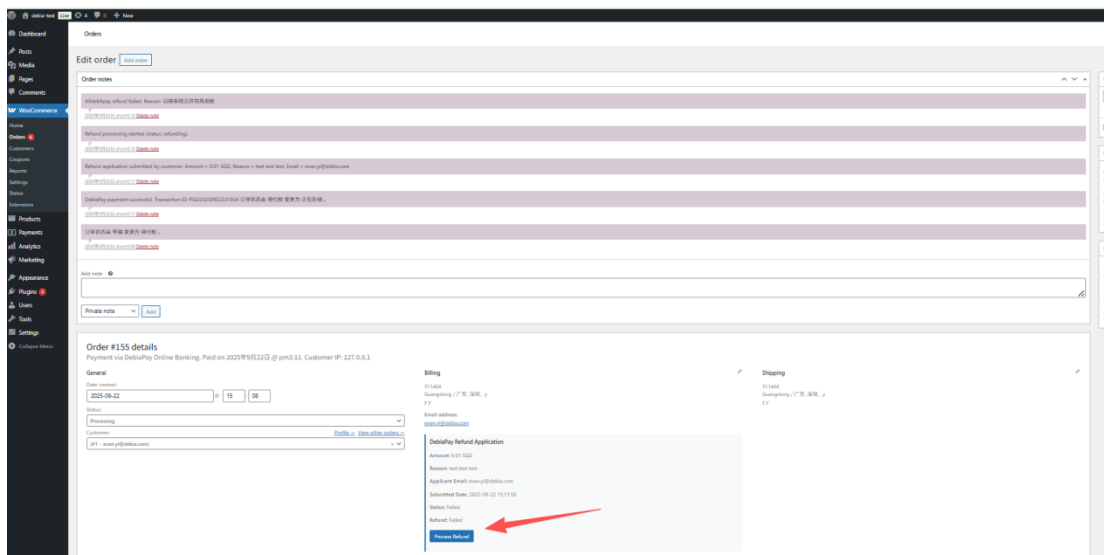

Refund Reason *

Please explain why you need a refund

Submit Refund Application

商家可前往 WordPress 后台订单详情页面处理这笔退款，注意：一旦点击便立即会触发退款，请先核对无误再去执行退款

Merchant can handle this refund on the order details page in the WordPress backend. Please note: Once you click, the refund will be triggered immediately. Please double-check to ensure accuracy before proceeding with the refund.

支付参数获取方式:

Method for obtaining payment parameters:

1.Title: 用于显示在结账页面付款选项当中，无需配置和更改

Used to be displayed in the payment options on the checkout page. No configuration or modification is required.

2.Description: 用于显示在结账页面付款选项当中，无需配置和更改

Used to be displayed in the payment options on the checkout page. No configuration or modification is required.

3.Environment: Live

4.Merchant ID:

请联系运营人员提供

Please contact the operation staff for assistance.

5.Signature Type: 如果选择 Platform Custom Key 就需要填入 Platform Custom Private Key， 如果选择 Custom Key 就需要填入 Custom Private Key， 二者只用填其一

If you choose "Platform Custom Key", you need to enter "Platform Custom Private Key". If you choose "Custom Key", you need to enter "Custom Private Key". You only need to fill in one of them.

6.Platform Public Key

登录 Debia 商户后台下载证书 将 Platform Key 填入进去

Log in to the Debia merchant backend to download the certificate. Enter the Platform Key into it.

7.Platform Custom Private Key

如果 Signature Type 选择的是 Platform Custom Key， 此项必填， 登录 Debia 商户后台下载证书 将 Merchant Private Key 填入进去

If the Signature Type is set to "Platform Custom Key", this field must be filled in. Log in to the Debia merchant backend to download the certificate and enter the Merchant Private Key into it.

8.Custom Private Key:

如果 Signature Type 选择的是 Custom Key，此项必填，这是商家自己生成的密钥对，将私钥填入此项并需要将公钥上传至 Debia 商家后台。Debia 将根据这个公钥进行验签。

If the Signature Type is set to "Custom Key", this field must be filled in. This is a key pair generated by the merchant themselves. Please enter the private key in this field and upload the public key to the Debia merchant backend. Debia will verify the signature based on this public key.

9.Payment Gateway URL

<https://pgw.alldebitpay.com/v3/beforSendToltsPay>

10.Refund API URL

<https://pgw.alldebitpay.com/v1/beforSendToltsRefund.json>

11:Agent Payout API URL:无需配置

No configuration required
